**Engineering Controls** 

Ventilation General ventilation is adequate for normal use; keep overall

exposure as low as possible.

**Personal Protective Equipment** 

Eye protection Wear appropriate protective eyeglasses or chemical safety

goggles.

**Recommendation:** Ensure that glasses have side shields for

lateral protection.

Skin Protection No skin protection required.

**Respiratory Protection** For over-exposures to dust, vapors, or fumes, wear respirator

such as a half-mask respirator with organic vapor cartridges.

For exposure to combustion products, use a positive-pressure, air-supplied respirator or a self-contained breathing apparatus.

**RECOMMENDATION:** Consult your local safety supply store to ensure that your respirator has a NIOSH (U.S.) approved filter cartridges appropriate for the ingredients listed in Section 3.

The respirator should be fitted to the employee by a

professional.
